BAMBOO MOBILE MUSIC AMPLIFIER

Bamboo Music Amplifier
for Smartphone in PU Gloss Finish - E 305

- Bamboo music amplifier for your smartphone
- Works through passive sound amplification
- Eco friendly

No bluetooth or power source needed

PU Gloss Finish

The image shows a bamboo music amplifier, which is a cylindrical device with a smartphone slot. A smartphone is inserted into the slot, displaying a music player interface. The amplifier is shown in two views: one from the side and one from the front. The front view shows the speaker grille and the smartphone. The side view shows the top and bottom of the cylinder. The text 'No bluetooth or power source needed' is accompanied by icons for Bluetooth and power. The text 'PU Gloss Finish' is at the bottom right.
